## National Children's Grief Awareness Day

was initiated in 2007 as a way to recognize and inform communities about the significance of the forgotten grievers in our midst – children – and grief's powerful impact in their lives. Healing Hearts of Waukesha County, a grief support program for children, has been observing this day since 2012. Now, in 2018, Healing Hearts is proud to honor this day by offering to those who companion grieving children a **FREE** gathering of education:

### Helping Children With Grief & Trauma In Today's World

**FOR...**Those who companion grieving children – social workers, teachers, counselors, ministers, clergy, grief coordinators, support group facilitators, funeral directors, chaplains, etc.

**WHAT...**A few hours with a local specialist to gain a better understanding of childhood trauma and building resiliency. The emphasis of this conference is on learning the seven essential ingredients for the implementation of trauma informed care.

**WHEN...**Friday, November 16, 9:00 a.m. – 1:30 p.m.

**WHERE...**Oconomowoc Memorial Hospital

**COST...FREE** (freewill donations are accepted)

## The Seven Essential Ingredients of Trauma Informed Care

**Presenter: Michael Joranger, LCSW**

This training is an introduction to the model of trauma informed care that SaintA has developed over the past eight years and has implemented across all of its programs.

Participants who attend this training will be able to:

- Describe the prevalence of adverse experiences and the scope of their impact.
- Define and respond to behavior from a trauma informed care perspective.
- Describe how trauma affects the brain and influences development, learning and behavior.
- Identify factors which enhance the capacity for positive relationships for children who have adverse experiences.
- Describe how purpose, belonging and safety enhance children's well-being.

Michael Joranger, LCSW, is a staff development coordinator for SaintA. Michael has more than 30 years of child welfare experience in a variety of settings, including residential care, foster care case management, foster care licensing and placement, foster parent education, as well as agency-wide staff development. Areas of specialty include bringing the SaintA Trauma Informed Care philosophy to a wider audience and crisis management training for agency staff and foster parents. Attendees at Mike's classes include Department of Human Service and Child Protection workers, law enforcement, corrections, and psychiatric nurses and social workers. He is also a Master Trainer for the ACE Interface Project and a Mandt system trainer. Mike earned his bachelor's degree from Saint John's University, did graduate work at the University of Minnesota, and earned his Master's Degree in Social Work from the University of Wisconsin-Milwaukee.

**Saint A's Mission:** Saint A provides innovative family-centered care and educational services that embrace diversity and empower children, families, and adults to improve the quality of their lives. We are a dynamic provider advancing foster care, education and mental health services. Their main campus is located at 8901 W. Capitol, Milwaukee, WI 53222. [www.SaintA.org](http://www.SaintA.org)

**Healing Hearts of Waukesha County** has been offering peer-to-peer support for children and teens who have experienced loss through death, divorce, incarceration, or other life-altering events since 2010. As well, they provide grief support to the significant adults in these children's lives. All of their programming is offered at **NO CHARGE** to participants. Located in Waukesha and Oconomowoc, they have served 330 families since their inception. Healing Hearts is a community-based organization that currently has 24 supporting partners throughout Waukesha County including churches, funeral homes, and civic organizations. Healing Hearts earned recognition as **Waukesha County's 2016 Small Non-Profit of the Year.**
